## DO IT NOW!

In case of loss or damage to your personal property YOU, the insured, would be required to make an inventory of the property you have lost. Should your loss be total, making a list of your possessions is difficult to do from memory, so DO IT NOW — complete your Personal Property Inventory. The values you should show in your Personal Property Inventory should be the estimated current replacement coast.

Review and update your Personal Property Inventory from time to time - we all make additional purchases, and inflation has a drastic effect on the value of your possessions. By keeping your Personal Property Inventory up to date you will know whether the amount of insurance you carry on your possessions is adequate.

Your Gilbert Agency agent will be please to go over your coverage with you. Ask your agent about insuring valuable jewellery, silverware, furs and works of art as Scheduled items.

IMPORTANT - Keep this record in a safe place, away from you home.
